The Roseburg Food Project is a revolutionary way to collect food for our community. Neighborhood Coordinators enlist their neighbors to become Donors to the FISH of Roseburg Food Pantry. Every other month, donors fill a green bag with nonperishable food items. Neighborhood Coordinators then pick up the filled bags right from their porches and deliver them to FISH — helping ensure that every neighbor has access to nutritious food.

Want more personalized health care? Maybe we are the answer.

Better care for your money and affordable pricing.
We give you the time you need - whether it's 15 min or 2+ hours.
We don't limit your topic of concern. We aim to educate you, not dictate to you.

We specialize in pain management including long term medications to improve your quality of life
We don't hide behind outdated "rules" or policies. We prescribe pain medications to qualifying patients.
We don't make you try injections or procedures to get the relief from medications that can work for you.

We provide Oregon Medical Marijuana Program Evaluations
We allow qualified patients to use medical marijuana after a full evaluation that exceeds state requirements.
We are NOT a dispensary and do not allow in-office use

HERE'S THE BOTTOM LINE . . .
We work for you, not your insurance company. We can't make them pay for services or medications
- but we will certainly do our best to fight for you.

*Always a great place
to play, relax
& rejuvenate!*

Driving east on Highway 138 from Roseburg to Diamond Lake in the fall is one of Oregon's most memorable scenic journeys. As the road follows the North Umpqua River through the Rogue-Umpqua Scenic Byway, brilliant shades of gold, crimson, and amber light up the hardwoods while towering evergreens provide a deep green backdrop. Waterfalls spill from moss-covered cliffs, the river rushes beside the highway, and crisp mountain air carries the scent of cedar and pine. While the elevation climbs, the forests become quieter, and the volcanic peaks of Mount Thielsen and Mount Bailey come into view before the sparkling waters of Diamond Lake appear, reflecting the colors of autumn. It's a drive that captures the beauty and tranquility of Oregon's Cascade Mountains at their seasonal best.

changing seasons!*

CHERIE LINNEMEYER

SENIOR LIVING CONSULTANT

Navigating senior living options can be overwhelming, but you don't have to do it alone. I assist seniors and their families in making informed decisions about their living arrangements, ensuring that your unique needs and preferences are met. Often this means a Residential Living Community; sometimes it means staying at home with caregiving support. Here's how it works:

WE BEGIN WITH A COMPREHENSIVE ASSESSMENT

I meet with you to gather essential information, including:

- Health status
- Medical diagnoses
- Current medications
- Mobility considerations
- Daily care needs
- Financial resources
- Veteran's Benefits
- Desired living environment
- Preferred location and services

MOVING TO A RESIDENTIAL LIVING COMMUNITY

When you need a community:

- I use my firsthand knowledge of senior communities and adult foster homes to find you the best choices.
- I set up personalized tours for you to visit potential living options.

I oversee many logistics and details:

- Medical assessments
- Necessary durable medical equipment (DME)
- Coordination of doctor's orders
- Logistics of the actual move

STAYING AT HOME WITH CAREGIVING SUPPORT

In some situations, the option to age in place is desirable. My team and I support this option by:

- Connecting families with qualified in-home caregivers
- Conducting assessments of the home to identify potential safety hazards, safety and accessibility
- Identifying community resources, such as grants, meal delivery services, transportation, and social activities.
- Offering ongoing consultations to reassess needs and adjust care plans when necessary

My services are completely FREE to seniors and their families.

WHY CHOOSE MY TEAM?

I have worked in community outreach and managed health for many years and now work directly with seniors and their families. My team and I are dedicated to helping you find a living situation that promotes health, happiness, and independence.

Personalized Support. Expert Knowledge. Comprehensive Coordination.
