Hello Douglas County!

Our new logo states exactly what Everything Umpqua is all about—encouraging folks to explore local businesses and events. Since 2019, we've been blessed and humbled to serve Douglas County with a platform that connects our communities. Local businesses, civic groups, and volunteers make this magazine possible, and our advertisers are immensely appreciated! Supporting local is vital.

This season can be a mixed bag of emotions based on personal circumstances. We've shared some community service resources in this issue, helpful whether you're interested in volunteering, donating, or are in need yourself.

Thank you for your continued support!

Wishing you a winter warmed by love and gratitude,

Pamela Semas

Team Senior
REFERRAL SERVICES

FREE Senior-Living Assistance!

Providing FREE Guidance for Seniors and their Families Since 2016

At Team Senior, we have one primary responsibility: to protect the seniors and families we serve. That means helping people avoid costly mistakes before they happen, making sure they understand every available option, and ensuring they never feel pressured into making decisions before they are ready. The truth is simple: you don't know what you don't know.

Protecting families is about much more than contracts. We know which questions to ask, which contract provisions deserve careful attention, when a verbal promise should be put into writing, and how to help families tour communities without feeling pressured to make immediate decisions.

We also help protect families from being inundated with follow-up sales calls, incomplete information, and promises that don't always reflect what is written in the admission agreement. Just as importantly, we help families understand all of their options—not just the option that has an available apartment today.

Many families come to us after speaking with the Department of Human Services, the Aging and Disability Resource Connection (ADRC), Oregon ACCESS, hospitals, or other organizations involved in senior care. While each organization serves an important purpose, families frequently tell us that it wasn't until they spoke with Team Senior that they finally understood the entire picture.

We take the time to explain costs, levels of care, Medicaid planning, veterans' resources, community differences, state survey history, and the questions families don't even know to ask. One of the most common things we hear is, "We wish we had called Team Senior first."

Our services are 100% free to seniors and their families. We are not here to pressure anyone into making a decision. We are here to educate, advocate, and protect our community by making sure every family has the information they need before making one of life's most importantdecisions.

If you or someone you love is considering assisted living, memory care, or any type of long-term care, make your first call to Team Senior.
